

EP Ground Freight

One single point of contact to connect all North America

Tailor-made solutions to connect the most important routes and that meet your logistics needs.

Comprehensive solutions

- **FTL**

Full units and specific transit schedules for your cargo.

- **LTL**

Great negotiation power with all major LTL carriers. Save time and avoid damages due to extra handling with our partial truckload service.

- **FTB**

Multiple platform options available for direct intermodal services.

- **Oversized**

Experience and knowledge to coordinate any special requirements or uniquely-dimensioned loads.

North American coverage

- Ground freight import & export among the main industrial areas in Mexico, U.S. and Canada, direct and/or with transshipment.
- Online quote + technology to enhance your operations control.
- Access to over 1,000+ consol terminals in the U.S., Canada and Mexico.
- KAM 100% focused on your project.
